Allowable Hours

- Only applicable to Construction Closures (except NER)
- Used to be for all roadways, now it is only applicable to priority roadways
- Must set up ahead of time in the projects tab and approved by the Regional Work Zone Engineer
- Anytime a closure request is requested during the approved allowable hours, the closure will be automatically accepted as long as there are not any conflicting closures near-by

Local Road Closures

- Only applicable to construction closures currently
- No approval process, once entered, automatically approved
- Need to draw the route and fill in the information for the roadway specifics
